IPEG-D20F-IRW3

2MP Starlight Vandal Proof Dome Network Camera

System Overview

The IPEG-D20F-IRW3 is a Vandal-Proof Dome style camera in IC Realtime's cost-effective Edge lineup. This camera comes packed with high end features including H.265 encoding and Starlight support with DWDR for a more colorful image in daylight as well as low illumination environments and IR distance up to 98ft.

The H.265 encoding technology provides a more efficient video encoding capacity, and saves bandwidth and storage space compared to H.264. In addition, it supports 256GB SD card storage and is waterproof, dust-proof and tamper-proof by complying to IP67 and IK10 standards.

Functions

Starlight Technology

Featuring Starlight Technology, this camera is ideal for applications with challenging lighting conditions. Its low-light performance delivers usable video with minimal ambient light. Even in extreme low-light conditions, Starlight Technology is capable of delivering color images in near complete darkness (0.005 lux).

Environmental

With a temperature range of -40°F to +140°F (-40°C to +60°C), the camera is designed for extreme temperature environments. The camera complies to an IK10 impact rating making it capable of withstanding the equivalent of 120 lbs (55 kg) of force. Subjected and certified to rigorous dust and water immersion tests, the IP67 rating makes it suitable for demanding outdoor applications. For environments with rain, sleet, snow and fog, an integrated wiper provides users with clear visibility at all times.

- 2MP, 1/2.8" CMOS image sensor, low illuminance, high image definition
- H.265 & H.264 dual-stream encoding
- 2MP (1920 × 1080)@25/30 fps
- DWDR, 3D DNR, HLC, BLC
- 2.8 mm fixed lens
- Starlight support, Max. IR LEDs Length 98ft
- 256GB Micro SD memory, IP67, IK10, PoE

Smart H.265+

Deliver high quality video without straining the network, Smart H.265+ is the optimized implementation of H.265. The Smart H.265+ encoding technology includes a scene adaptive encoding strategy, dynamic GOP, dynamic ROI, flexible multi-frame reference structure and intelligent noise reduction, providing saving of up to 70% of bandwidth and storage when compared with standard H.265.

Interoperability

The camera conforms to the ONVIF (Open Network Video Interface Forum) specifications, ensuring interoperability between network video products regardless of manufacturer.

Smart IR Technology

With IR illumination, detailed images can be captured in low light or total darkness. The camera's Smart IR technology adjusts the intensity of camera's infrared LEDs to compensate the distance of an object. Smart IR technology prevents IR LEDs from whitening out images as they come closer to the camera. The camera's integrated infrared illumination provides high performance in extreme low-light environments up to 98ft (30m).

Technical Specification

Camera

Image Sensor		1/2.8" 2 Megapixel progressive CMOS
