The Intellinet Network Solutions 4 Outlet Wall Plate adds a professional touch to your network-wiring installation. Once you've successfully wired a standard, single-gang wall box, this faceplate quickly mounts to it, providing a clean, simple design that perfectly fits standard keystone jacks. And, if the ports are unused, protective dust covers are included, so they remain immediately ready for future use. This flush-mount faceplate offers a subtle contribution to the overall optics of any room, whether at work or home, to create a polished, well-designed atmosphere for whatever your purpose.
