Easily connect a mini-DisplayPort source with an HDMI cable

The Manhattan Passive Mini DisplayPort to HDMI Adapter establishes a fast and convenient connection between a mini-DisplayPort media source and an HDMI display cable. Ideal for presentations, retail displays and other uses, this single-cable solution keeps installations and workplaces neat and organized without an external power supply or complicated configuration. Nickel-plated contacts and full shielding helps the Manhattan Mini DisplayPort Adapter provide clear and stable video transmission in home and office multimedia applications. A durable, white PVC jacket and molded boots with strain relief complement Macintosh systems and help ensure connections remain uninterrupted and steady.
