## TE-2MPIR

# IR ACCESSORY CAMERA WITH MULTI-MOUNTS AND ACTIVE PARKING LINES

SALES 386-257-2956

### PRODUCT OVERVIEW

See an unobstructed view while driving with a rear camera that can stay active while the vehicle is on, not just when it is in reverse\*. This universal camera is ideal for keeping an eye on cargo, a trailer hitch, or reducing blind spots in the back of the vehicle while driving. iBEAM's TE-2MPIR camera features a separate trigger for the IR LEDs and parking lines that can be activated while the vehicle is in reverse. IR LEDs for night vision deliver 0.5/F1.2 to 0 LUX minimum illumination for better visibility in the dark. For easy installation, a license plate mount and surface mount are included, along with a 27ft. extension harness. This camera has a resolution of 420 TV lines with a CMOS II sensor and a 170-degree viewing angle. It features an improved power circuit, is rated IP67 for water resistance and has a durable metal housing.

\* When used with a compatible monitor. Recommended for use with iBEAM's TE-43VS, TE-50VS and TE-7VS).

- Multiple mounts included - behind plate mount and surface mount
- Improved power circuit
- Can be viewed while driving, with compatible monitor
- IR LEDs for night vision - triggered only when in reverse
- Triggered parking lines with IR LEDs
- Water-resistant to protect from the elements
- 3 year warranty
