TE-LPBC ABOVE LICENSE PLATE CAMERA

 **SALES** 800-221-0932

PRODUCT OVERVIEW

iBeam's Above License Plate Backup Camera installs easily above rear license plates to help increase parking accuracy and avoid obstacles when reversing. It is a universal fit for any vehicle. The water resistant and high quality metal housing in gloss black provides a sleek look that will withstand the elements. The 1/4" CMOS camera provides a sharp picture with a 110 degree angle view and 0.6 lux night vision. The camera helps drivers to gauge the trajectory of their car when reversing into tight spaces and improves their awareness of surroundings that would otherwise be unseen. Also available in gloss black (TE-LPGC) or chrome (TE-LPCC).

- High quality metal housing
- 110 degree viewing angle
