

MTL SK50 Surface Install Kit

Product Description:

The SK50 Surface Install Kit offers a more aesthetically pleasing appearance when your installation requires mounting an MM750 onto a wall instead of recessing within the wall. The SK50 Kit includes two (2) vanity panels that frame in the flanges for a flush, designer appearance.

Features:

- For a more aesthetically pleasing MM750 Pro Mount surface installation
- (2) 1mm steel panels
- Black matte powder coating
- Attaches to the MM750 with included (4) 8mm screws and (4) 8mm nuts
- Panel Width 3.5", Panel Height 3.1", Panel Depth 2.25"
