**Product Information**

Introducing the 2DCLBH 2-Output Deutsch Connector Auxiliary Light Switch Harness, the ultimate solution for controlling your auxiliary lighting needs! This high-quality harness comes equipped with two output channels, allowing you to easily connect and control two separate auxiliary lights. With a 12-volt input and relay, this harness is perfect for powering a wide range of auxiliary lighting options. The 2DCLBH harness is designed to make installation a breeze. With its Deutsch connectors, this harness allows for a secure and reliable connection to your auxiliary lights. This ensures that your lights will turn on and off as expected, without any flickering or loss of power. The harness also comes equipped with a relay, which provides additional protection for your lights by preventing voltage spikes and other electrical issues. Not only is the 2DCLBH harness easy to install, but it is also highly durable. The harness is constructed from high-quality materials, ensuring that it can w
