Made In **China** Warranty **3 year** Lumens Beam Pattern **N/A**

Product Information

Introducing the Race Sport® Lighting GEN4® LED Headlight Kit

Introducing the long-awaited Race Sport® Lighting GEN4 LED headlight kit. These kits are packed with patent pending features including a fan-less “rope” heat-sink design, “ratchet” style clock-able base, and the brightest output of an LED headlight kit our company has ever offered (Over 2,700 LUX.)

Patented Fan-less “Rope” Heat-sink Design

Our patented (US patent 11,054,127; 10,801,714) fan-less “rope” design allows the GEN4® LED headlight kit to be installed where space is limited, and it also keeps the high-powered diodes cool. The copper “rope” heat-sinks can be manipulated to fit in the tightest compartments yet maintaining the correct amount of heat dissipation to keep this kit performing day after day.

Patented 360° Clock-able Base

The GEN4® LED headlight’s 360° clock-able base allows for proper mounting orientation to maximize light output and deliver overall intended performance. Stop getting
