Product Information

This four LED surface mount IP67 strobe light is ideal for warning, municipal, and safety applications. This unit utilizes six high intensity LEDs with an optical lens. These low-profile surface mount strobes are resistant to collision and dust, and are splash-proof. They feature nineteen adjustable, alternating, and synchronized flash patterns, low power consumption, and a quick start-up time. • Color: Black Housing w/ clear lens • Voltage: 12V-24V • Current: 333 mA • Wattage: 12W (3W per LED) *Please note, when installing these units, they should be mounted to a flat surface to prevent damage due to over-tightening on an uneven surface • 1 Year Warranty
