

Front AUX and USB for MSC/MTP devices

Connect control & charge your compatible USB device while accessing your digital music files via the front USB input. You can also view metadata like song title and artist on the front display. The front USB port provides up to 1 amp maximum output for charging your portable devices.

High Contrast LCD

VA (Vertical Alignment) LCD offers 5 times higher contrast and wider viewing angle than conventional screen, providing improved visibility.

Conformal Circuit board coating

Conformal coated circuit boards protect the electronic assembly from damage due to contamination, salt spray, moisture, fungus, dust and corrosion caused by harsh or extreme environments.

MEGA BASS & EQ5 Advanced

Feel the earth rumbling, deep and loud bass sound by MEGA BASS! It overcomes driving noise and reproduces clear punchy sound at any volume level that even comes with beat-pulsing illumination. The latest version comes with the 2-mode boost steps, with an additional light boost setting. EQ5 Advanced is a 5-band/10-preset Graphic Equalizer that enables easy and effective frequency adjustment for in-car listening environment.

MP3/WMA/FLAC music file playback for USB

Multi-format playback lets you play your MP3, WMA or FLAC files from a MSC/MTP compatible USB device.

UV Resistant Coating

UV Resistant front panel coating protects faceplate to help prevent discoloration from the sun. Meets the standard for ASTM G154 for UV resistance.

Specifications

General		Outputs		Connectivity	
Chassis	Single DIN / ISO Mount	CEA2006 Power Output	20W x 4	SongPal/Music Center	<input type="checkbox"/>
Display Color	White	Preouts	Rear (2), Sub (2)	Bluetooth Version	3.0+EDR
Button Color	Blue	Preout Voltage	2V	Bluetooth Profiles	A2DP/ AVRCP/ HFP/ PBAP
Dual Illumination Capable	<input type="checkbox"/>	Sound		Max # of paired devices	8
High Contrast LCD	<input checked="" type="checkbox"/>	Advanced Sound Engine	<input type="checkbox"/>	Max # of Connected devices	1
