

SONY

BDP-S6700

4K Upscaling 3D Streaming Blu-ray Disc™ player

Stream from 300+ entertainment services¹, play PlayStation™Now games and upscale your content to near-4K quality¹³. Even connect wirelessly to Bluetooth headphones, wireless speakers, game controllers and more. Play music from CDs and other formats via USB in multiple rooms, enjoy stronger, faster Wi-Fi and mirror your smartphone screen on TV. You've never watched, listened or connected quite like this.

Bullets

- Stream from 300+ apps¹ and entertainment services
- Upscale Blu-ray Disc™ movies, DVDs, and photos to near 4K quality.¹³
- PlayStation™ Now² : Stream and enjoy PlayStation® 3 games instantly
- Connect to Bluetooth® headphones to enjoy wireless listening
- Multi-room streaming with SongPal Link™ App
- View smartphone content on your TV¹⁴ with Miracast™ screen mirroring technology
- Enjoy fast, stable Wi-Fi® even when streaming in HD
- Full HD 1080p Blu-ray Disc™ playback³ with 2D to 3D conversion¹¹
- Brighter, more lifelike picture with TRILUMINOS™ color technology¹⁰
- Easy access to apps and functions with a new and customizable User Interface
- Control your device & browse content from a mobile device⁶ with TV SideView™¹²
- Improved boot-up and loading times with super Quick Start
- Enjoy music, photos and video via front USB slot⁷
- Experience HD sound with Dolby® TrueHD and dts®-Master Audio⁸
- Learn more about your movies with Gracenote®⁹
- Energy Star® 3.0 compliant

Features

Stream from your favorite apps in Full HD.

Access over 300 streaming services¹ and enjoy endless entertainment including movies, TV shows, music and more from your favorite apps like Netflix®, YouTube®, Hulu Plus™, Pandora®, Amazon Instant Video™ and more.

Upscale your entertainment to near-4K quality

Get the most out of your 4K Ultra HD TV. Boost your Blu-ray movies, DVDs and photos to near-4K quality¹³.

Play PS3™ games directly on your TV – no game console required.

Enjoy instant access to a catalog of hundreds of streamed PS3™ games. Play using your 2015 Sony Blu-Ray™ player and a DUALSHOCK® 4 controller – no game console required².

Wireless Bluetooth® connectivity with LDAC™

Enjoy the freedom and convenience of wireless Bluetooth® connectivity with LDAC™. Listen to music, watch movies and even play games through Bluetooth headphones, game controllers and more. LDAC™ is a new audio technology from Sony that allows you to enjoy high quality wireless audio via Bluetooth. With 3x the data transmitted, LDAC provides an enhanced wireless listening experience for all your music.

Cast content from your smart device to your TV.

With Miracast™ screen mirroring technology you can mirror the screen of your Android™ compatible mobile devices to your TV¹⁴.

Multi-room streaming with SongPal Link™

Enjoy multi-room streaming and functionality between your favorite Sony audio and video devices. Connect wirelessly throughout your home and stream CDs, and other popular file formats via USB. Enable simultaneous playback through speakers and sound bars, create listening zones and even stream to different rooms with SongPal Link™. You can also use your smartphone or tablet to control it all via the SongPal app.

Smooth video streaming with super Wi-Fi®

Enjoy smoother, faster, and more stable streaming with super Wi-Fi®. This Blu-ray Disc™ player features a unique Wi-Fi module that is optimally positioned for maximum signal strength. A multi-antenna design also ensures a more reliable signal than conventional Wi-Fi, so you'll experience smooth video streaming from a wider range in your home.

Upscale your DVDs and Blu-ray Disc™ to 3D.

Enjoy 3D Blu-ray Disc™ movies in Full HD 1080p³ and upscale the visual quality of DVDs to near HD quality.⁴ The 2D to 3D conversion feature allows your DVDs or Blu-ray Disc™ movies to be automatically converted into 3D for playback on your 3D TV.¹¹

Brighter, more lifelike picture.

Unique to Sony, TRILUMINOS™ color technology¹⁰ creates a heightened sense of depth and incredibly true, natural shades of colors. It's our widest color spectrum ever.

Easy navigation with a customizable user-friendly interface

Finding apps and features is quick and simple with a graphical user interface. Browse on your TV screen with easy-to-navigate panels—content is divided into featured apps on one side and your favorite apps on the other. Everything is neatly organized and quick to launch.

Enrich your viewing with the TV SideView™ app

Use your tablet or smartphone (Android or iOS) to control your Blu-ray Disc™ Player and learn more about what you're watching—without disrupting your viewing experience. The TV SideView™ app⁶ also lets you instantly access content from devices on your local network or from the wide range of online services available on the player.

Super Quick Start gets you watching faster

With Quick Start mode and Fast Loading, it takes less than 1 second to boot up your Blu-ray Disc™ player. You'll be able to get to the action quicker with even interactive discs loading in as little as 30 seconds once the tray is closed. If you're not watching Blu-ray, you can launch internet content even faster, too.

Enjoy your videos, photos and digital music with USB connectivity.

Easily display your videos and photos on your TV or listen to your digital music by simply connecting your USB storage device to the Blu-ray player's front USB slot⁷.

Dolby® TrueHD for sound as the director intended

Enjoy peerless audio quality with Dolby TrueHD, which delivers lossless sound across movies and music. By reproducing sound identical to original studio masters, it offers unparalleled audio fidelity for Blu-ray Discs, DVDs and downloaded content.

Learn more about your movies with Gracenote®.

Gracenote® searches across internet apps and external services such as YouTube® and Video Unlimited™ to provide you with detailed information on a wide-variety of movies.

Reduce energy with an Energy Star® 3.0 rating.

With an Energy Star 3.0 rating, the player will consume less energy during its use and when it's in standby mode. This product meets ENERGY STAR guidelines for energy efficiency.

SONY

1. Network services, content, and the operating system and software of this Product may be subject to individual terms and conditions and changed, interrupted or discontinued at any time and may require fees, registration and credit card information. Netflix streaming membership is required. Some of the listed services are not available in Canada.
2. Only select PlayStation 3 games are available at this time. PlayStation™Now requires broadband internet connection (greater than 5Mbps hardwired is HIGHLY recommended). DUALSHOCK®3 or DUALSHOCK®4 input device. Input device sold separately. Service not available in all areas. See www.us.playstation.com/PlayStationNow for details. Sony Entertainment Network Account is required. Network services, content, and the operating system and software of this Product may be subject to individual terms and conditions and changed, interrupted or discontinued at any time and may require fees, registration and credit card information.
3. 1080p requires HDMI® Cable and Television that supports 1080p.
4. Upscaling requires HDMI® cable and HDTV with HDMI input.
5. Mobile device must be on same home wireless network as Blu-ray player, be running TV SideView™ application and must meet file type limitations. Check Owner's Manual for file types.
6. TV SideView™ application must be downloaded from the iTunes® or Google Play application store. Check Android market from your device for compatibility. Requires devices connected to the same wireless home network.
7. Not all USB devices are supported. Please check Owner's Manual for compatibility and file types supported.
8. Requires HDMI® cable and LPCM capable receiver.
9. Gracenote® requires internet connection.
10. TRILUMINOS feature requires content with extended color support, an HDMI® cable and a Sony display that also supports the format.
11. Requires 3D content, 1080p 3D HDTV, 3D glasses, 3D emitter, and HDMI™ cable (at least 10.2 Gbps).
12. Requires an AV device (or TV) and mobile device connected to the same network using Wi-Fi or Ethernet. The devices, app or functions may not be available in some countries and/or regions. Check for compatible device list go to <http://info.tvsideview.sony.net/device.html>
13. 4K upscaling and output require a compatible 4K display and HDMI® cable, both not supplied
14. Screen Mirroring requires a compatible Wi-Fi® enabled TV with the ability to connect using Wi-Fi® direct. Please check you TV owner's manual for compatibility.
