

## Flat HDMI® Cables

<b>HDFL3</b>	3'
<b>HDFL10</b>	10'
<b>HDFL15</b>	15'

### Features

HDMI cables are used to connect together HDMI-compliant sources and devices. These cables are available in various shapes, lengths and with specialty connectors. Source devices are not always installed in the perfect location. Many times, you find yourself needing to squeeze a cable through a cabinet door or other tight spot. These flat-designed HDMI cables are great for when you have a non-standard setup or just want a unique looking cable.

#### These cables support the following:

- All resolutions up to and including 1080p
- 3D signals
- 100 Mbps ethernet signal transfer between enabled devices
- High-definition audio formats
- 4K ultra
- Bi-directional audio
