

## 2-Port DVI USB KVM Switch Kit with Audio TK-204UK (v2.1R)

The 2-Port DVI USB KVM Switch Kit with Audio manages two computers with one set of console controls. Control two computers with DVI and USB ports at the touch of a button with one set of microphone / speakers, USB keyboard, USB mouse, and DVI monitor.

Simply plug everything in to start sharing your HD DVI monitor with two Mac or Windows computers. No need for additional cabling, all required cables are included. Network printers, storage drives, flash drives and more by connecting to the two bonus USB ports on the front of the switch. Listen to music on one computer while working on the other. Switch between computer by pressing the convenient switch button or by programming shortcut Hotkey commands.

## PRODUCT OVERVIEW

- Manage two PCs or Macs with one set of console controls
- Share an HD DVI monitor with two computers
