

Outdoor Wall Mount Bracket for Dome Cameras

TV-WL300 (v1.0R)

- Wall mount bracket
- Waterproof junction box
- Compatible with TRENDnet dome camera, TV-IP420P
- Rugged powder-coated aluminum construction
- Mounting hardware included

The TRENDnet outdoor wall mount bracket with junction box, model TV-WL300, is suited for use with TRENDnet outdoor dome IP cameras. The included junction box allows camera cables to be routed through the bottom, back or from the side of the housing. Durable powder-coated aluminum alloy construction and waterproof junction box protects camera cabling from exposure to the elements.

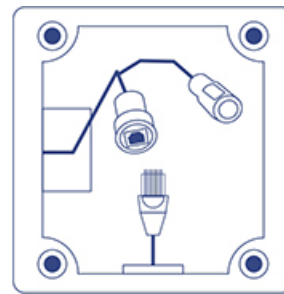

Outdoor Rated

Rated for outdoor use with TRENDnet dome camera, TV-IP420P.

Wall Mount

The wall mount bracket is designed to be installed on vertical surfaces and mounts the dome camera upside down providing greater installation flexibility.

Junction Box

The junction box provides a convenient and safe way to run camera cables through the wall mount bracket while protecting them from the elements.
