# BLACK PEG RACKING INSTRUCTIONS

1 Below is everything included with our Black Peg Racking (2 Bottles Deep).

2 Locate the backing board or wall space where you would like to install your black pegs. Drill the appropriate number of holes then insert your pegs into those holes.

3 On the otherside of the backing board/wall, insert the included hex socket head cap screws.

4 Using a screwdriver or similar tool, firmly turn the hex socket head cap screws until the pegs no longer move.
